SUMMARY

WordPress Frontend Developer with 3.5 years of experience converting Figma designs into pixel-perfect, responsive WordPress websites, plus 6 months of hands-on plugin development experience. Skilled in translating UI/UX wireframes into semantic, mobile-first layouts using HTML, CSS, JavaScript, PHP, SCSS, Bootstrap, and CSS Grid. Strong command of Elementor, Revolution Slider, and integrating custom interactions and animations using GSAP, Lottie, and SVG. Adept in cross-browser testing, performance optimization, and implementing SEO best practices to ensure high-quality, design-accurate, and scalable project delivery.

WORK EXPERIENCE
